NEXT YEAR'S H. S. AND G. S. FACULTY MEMBERS ARE NAMED

Two Changes to be Made at
Grade School; Only
One at H. S.

Few changes are being made in the faculty membership at the Antioch Township High School or at the Antioch Grade School. It was disclosed this week following the meeting of the school boards.

All of the teachers at the high school with the exception of Thomas Cox, Coach, and Science teacher are expected to sign contracts for next year within a few days.

A review of the records revealed that Miss Alice Smith, Latin and History teacher, who has taught here since 1919, has a longer record of service at the high school than any of the others now teaching. Principal L. O. Bright, Science, Economics, and Mathematics teacher, follows in length of service with fourteen years; C. L. Kutt, head of the vocational agriculture department, eleven years; Mrs. Ruby Richey, Home Economics instructor, eight years; Mrs. Gladys Dardenne, head of the commercial department, and Fred Hackett, manual training and mechanical drawing, each six years; Hans von Hoivede, head of the music department, Miss Cornelia Roberts, English and History teacher, and Mrs. Fred Hackett, art teacher, four years; H. H. Reichers, Mathematics instructor, 3 1/2 years; Miss Helen Curran, English teacher, two years; and Mrs. George Phillips, dramatic director, one year.

A coach has not yet been engaged, according to Mrs. Helen Osmond, who was re-elected secretary of the board. George White was re-elected president at the organization meeting held Saturday.

Two Leave Grade School
Prin. Ralph E. Clabaugh has been re-employed principal of the Antioch Grade school for the fourth year, according to William J. Anderson, newly elected secretary of the school board. All but two of the teachers, Miss Eleanor Meyer and Miss Helen Hitchcock, who declined to accept contracts because of other plans, are expected to sign contracts soon. Miss Meyer has served as fifth grade teacher for five years, and Miss Hitchcock as third grade teacher for two years.

Miss Doris Mason, Petite Lake, teacher of the Emmons school for the past three years, has been engaged to teach the fifth grade and Miss Genevieve McCullough, Gurnee, teacher in the Gage's Lake school near Grayslake, will be next year's third grade teacher.

The other teachers returning are: Miss Mildred Byrnes, seventh grade, who has been here four years; Miss Isabelle Harwood, sixth grade, six years; Miss Ayleen Wilson, fourth grade, four years; Miss Mary Gallagher, second grade, three years; Mrs. Charles Lux, first grade, 14 years.

Miss Reta Hawkins has been engaged as principal's secretary to succeed Mrs. Virginia Kennedy, who will join her husband in Chicago. Joseph Panowski and Charles Anderson have been rehired as janitors.

Epworth League to Hold Fellowship Supper and Rally

A fellowship supper, preceded by a brief League lesson at 7 o'clock, will be held at the M. E. Church Sunday evening by the Epworth League.

The purpose of the meeting is to assemble all of the old and new members for the purpose of attracting new members. Games will be played.

Mr. and Mrs. J. B. Drom, Dwight Drom, and Mrs. Harold Ellis and two children, Nancy and LeRoy, spent Friday in Milwaukee visiting Mrs. William Prohl.

Arthur Hadlock of Chicago is seriously ill.

Fowles Food Store has installed a vegetable sprayer.

Dominicans Open St. Jude Novena Monday, May 7

The Dominican Missionaries, Rev. Leo L. Farrell, O. P. Superior of the Dominican Mission Band, and Rev. Henry A. Kelly, O. P. of Chicago will conduct the May solemn public novena in honor of St. Jude, "Helper in Difficult Cases," at the Shrine of St. Jude in charge of the Dominican Fathers on 19th St. and South Ashland Ave., Chicago. During these nine days of prayer starting May 7th, there will be public services daily, at 10:00 A. M., 3:00 P. M., 6:30 P. M., and 8:00 P. M. The relic of St. Jude will be offered for public veneration at all services. The solemn closing exercises on May 15th will be in charge of the Rev. Wm. A. Marchant, O. P.

James Stearns Is Reappointed Chief of Fire Department

Annual Meet of Firemen to
Be Held at Libertyville
May 28

Fire Chief James Stearns, who has served in the capacity of chief for nine years, was reappointed by the village board officials upon the recommendation of members of the fire department at the regular meeting of the department Tuesday night. Fire zone commissioners and the village officers were present.

Five hundred feet of extra hose, at a cost of \$500 were purchased from the Bilateral Fire Hose Company in Chicago, according to Chief Stearns. This will insure greater protection and quicker aid in those places where the water supply is at some distance from the scene of fire.

Adopt New Member
The department has a new member in the person of "Young Bob" Wilton, four-weeks-old son of Robert Wilton, who was formally adopted at the meeting Tuesday evening. Speeches in honor of the event were made by Mayor Bartlett, Chief Stearns and others.

ACES OUT FOR THIRD DIAMOND VICTORY SUNDAY

Beat Lake Geneva, Swamp
Edison Squares—Silver
Lake Next

With two victories stowed away at the start of the 1934 baseball season through wins over Lake Geneva in the opener two weeks ago and the swamping of the Waukegan Edison Squares, 12 to 2, here last Sunday, the Antioch Aces are all set to annex their third victory on the local lot Sunday from Silver Lake. The game will start at 2:30 daylight saving time.

Beat Waukegan Team Sunday
The Edison Squares of Waukegan fell victims to Manager Bill Gartley's speed boys here Sunday afternoon, 12 to 2, when the locals pounded the opposing pitchers for 16 hits, nine of which were of the two-ply variety, while the visitors were able to collect only four singles off the offerings of Bagel and Bown. One was for an extra base. Bagel is credited with the win.

SENIORS DEPICT GYPSY LIFE IN PLAY "ONCE IN A LIFETIME"

Use Double Casts for Two-
Night Event; Stage
Effects Unusual

The romantic mythical comedy, "Once in a Lifetime," will be presented at the Antioch Township High School auditorium Friday and Saturday nights by members of the Senior Class. The double cast plan, initiated successfully last year, will again be employed in the presentation of the play, which is under the direction of Mrs. M. K. Phillips.

The dramatic scenes are woven about a boy of Gypsy descent whose yearning for the gypsy life of adventure overshadows any desire to work in his adopted father's filling station. His experiences with a passing gypsy band and his visit in the mythical gypsy city of Centuria form the basis of the play. Dinsmore Halden, an author friend, arouses interest in the mythical city which is supposed to rise in the horizon because of volcanic eruptions. After weeks of work, brilliant electrical and costuming effects have been obtained which will increase the enjoyment of the play.

The cast follows:
Friday's Cast Saturday's Cast
Konrad, the Gypsy Boy John Newman
Raymond Hussey John Newman
Helen McVicker Lillian Laursen
Dinsmore

Jack Panowski Clair Hewitt
Laurie, Niece of Mrs. Ross
Jean Van Patten Reta Hawkins

Delbert Sherwood John Descher
Stella, a Domestic
Charlotte Meyer Bessie Lyons
Rodney, Village Half-Wit
Clayton Bartlett Walter Simonsen
Carmena, a Gypsy Girl
Margaret Dibble Louise Rothers
Katinka, a Gypsy Girl
Thelma Cunningham, Roberta Haase
Admission to the play is 35 cents for adults and 15 cents for children.

Bruce Campbell New Democratic State Chairman

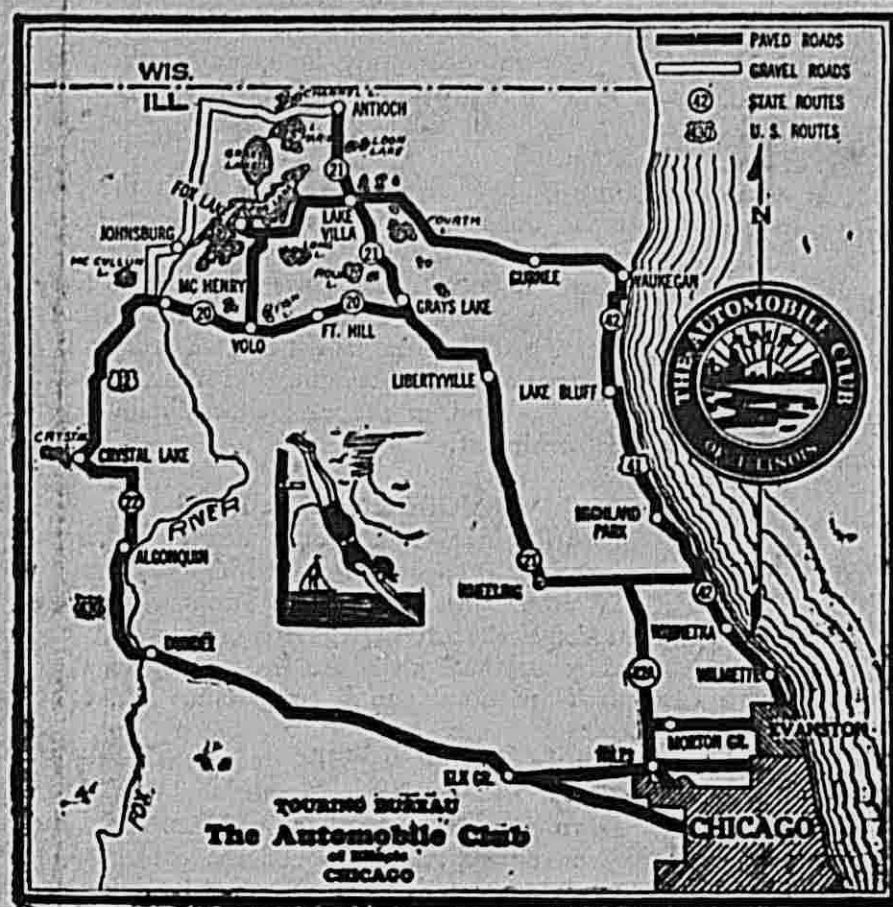

Sorenson and Cermak At-
tend Convention at
Springfield

Bruce Campbell, Belleville, who was candidate for governor two years ago, was named state chairman of the Democratic party at the state convention of Democrats in Springfield Friday.

Among the 33 delegates from Lake county were Einar Sorenson and Charles Cermak, Jr., Antioch committeemen, who bring back reports of a very harmonious meeting and high enthusiasm for a sweeping Democratic victory in November. While all was harmony in the convention, earlier sessions of the party leaders were not without their differences, it was stated.

The convention gave unstinted praise to the state and national administrations, extended enthusiastic welcomes to its candidates in the November election, and cheered lustily when Mayor Edward J. Kelly of Chicago extolled Governor Horner and predicted he would be nominated for a second term without opposition. Campbell announced that he will tour every county in the state before fall in behalf of the Democratic candidates for both state and county posts. He expressed himself as especially interested in the Lake county situation.

BANK BANDIT IS CAPTURED AT ROUND LAKE; TWO ESCAPE

Bullet-Proof Glass in Bank
Frustrates Attempt at
Robbery

One bandit was wounded and captured while two of his companions escaped Tuesday, following their attempt to rob the First State Bank of Round Lake. The captured man was identified as Ellsworth Ferguson of Libertyville, who was sentenced to the state prison at Joliet February 20, 1925, for having wounded Joseph Salotico of Roundout in a gun fight.

Two of the bandits entered the bank about 9:30 Tuesday morning, and approached the cashier's window. E. C. Webber, cashier, Miss Vilah Hart, bookkeeper and daughter of John Hart, the bank president, and a customer were the only occupants of the bank.

"This is a stick-up," one of the bandit declared. Webber stepped on the button that sounded the bank alarm, and lowered the bullet-proof glass guards from the ceiling to the counter. After firing two futile shots against the glass, the bandits realized their plight and fled. One joined the third member of the party in the black Chevrolet coach and they escaped, heading northwest on the Long Lake road toward Fox Lake. Round Lake residents turned out enmasse to join six squads from the sheriff's office in the hunt which is centering about the chain of lakes region.

Rake Fells Bandit.
The other member of the trio headed toward the St. Paul tracks, after firing at Webber who was just emerging from the bank. Startled by the shot Michael Luby, who was raking a strip of lawn along the St. Paul tracks, looked up to see the bandit and clouted him forcibly over the head with the rake. Two shots from the revolver of the fleeing man went wild.

Continuing his flight, the man rushed across the tracks and, into the Tibbits-Cameron lumber yard, where he was halted from a shot from one of the three bank guards, Ben Peterkourt, Jack Stadfeld and Wilbur Madson. The shot drilled him through the leg.

Upon questioning the wounded man said that his name was Archie Rodas and that his home was anywhere. The search revealed that he carried several lengths of wire to truss up his victims, several rounds of ammunition, a black-jack, and his revolver. He was decidedly intoxicated.

Press reports indicate that in addition to serving in Joliet for wounding Salotico in a gunfight in 1925, Ferguson was convicted in Lake County Circuit Court on April 12, 1929, of robbing Frank Asma of Libertyville of \$37. A letter received by Sheriff Lester T. Tiffany from the State Superintendent of prisons said that Ferguson was a parole violator and should be held.

Conflicting stories from the witnesses make investigation difficult, authorities stated. There is even some doubt as to whether the two who escaped were associated with Ferguson.

Free Movie Will Depict Farm Home Week at the Fair

A free movie show to be shown at St. Peter's Hall Tuesday night, May 1, will depict the great National Farm Home Week as seen at the Century of Progress, according to Herb J. Vos, president of the Antioch Lumber & Coal Co., who is sponsoring the show through the co-operation of the American Steel & Wire Fence Co. The show will start promptly at eight o'clock, and is free to all. Everybody is invited.

Miss Helen Schenning spent Monday in Chicago with her sister, Mrs. John Hitt. Her twin nieces, Jean and Joan Hitt, returned home with her for a visit with their grandmother, Mrs. Fred Schenning, Silver Lake.

BUSINESS RECOVERY UNDER NEW DEAL

While disappointment has been expressed in some quarters that the government's recovery program has not brought about a greater degree of business revival, such an attitude should not be taken too hastily, states the Guaranty Trust Co. in its monthly survey. Remarkable improvement that has taken place is a matter of record.

Thus far, the New Deal as a whole can hardly be said to have succeeded or failed. . . . The crucial point will arrive when the Government ceases to pump huge quantities of public funds into the economic system and business is left to sustain itself.

"The value of the New Deal in the long run will depend on . . . its capacity to meet maturing obligations without resorting to ruinous taxation or to paper money issues, and on its ability to regulate, in the public interest, the vast and complex economic forces that it has undertaken to bring under centralized control."

MONEY IN A NUTSHELL

Suppose you own a thousand houses you wish to sell. Suppose that the standard of value in your locality is wheat—and that you will trade a house for 1000 bushels of it.

Then suppose that there are a thousand persons who wish your houses—but only a hundred of them have any wheat. You'll sell a hundred houses, have nine hundred left on your hands—and nine hundred people who would like to buy them have to go without, because they lack the accepted medium of exchange.

Finally, suppose that it is discovered that these nine hundred people possess quantities of barley. This barley is likewise given a value, in relation to the value of wheat, and the result is that you sell your houses and people obtain lodging.

There is the money problem in a nutshell. One reason why international trade is languishing is that millions of people who would like to buy from other countries are unable to because they lack the present medium of exchange—gold. They live in silver standard countries—and the present low price of silver, as related to gold, has cut their purchasing power to a fraction of former levels.

The move to remonetize silver, consequently, is simply a move to put buying power into hands which

now lack it—and thus send new blood through the sluggish veins of world commerce.

A NEED—AN OPPORTUNITY

The greatest potential business development in this country today is that of building, equipping and furnishing better homes, according to the American Builder.

Recent official surveys show that millions of Americans live in homes without plumbing of any kind—without kitchen sinks, running water, indoor toilets or bathtubs. Rural homes are particularly bad in this respect—lack of modern conveniences and comforts is the rule in many sections, rather than the exception. And more than half of the entire population of the nation lives in houses that do not meet the accepted requirements for a decent level of living.

Here is a great need—and a great opportunity. It's not only an opportunity for raising the standards of housing, but for providing jobs and payrolls, for stimulating a thousand industries, for putting money into circulation.

America needs homes—and she needs the jobs and investment opportunities that home construction and modernization will provide.

When the boom starts, costs are going to rise—and rise fast. Supplies and materials and skilled labor will, as compared with present levels, be at a premium. The wise property owner, by building and repairing now, can spur recovery—and, at the same time, obtain a genuine bargain for himself.

SMOKE IN OUR EYES

Primarily because it would deprive thousands of men of their jobs on our roads and highways, motorists, highway users, laborers, farmers, business men, county and municipal executives, legislators, and many educators and school authorities are bitterly opposed to the Governor's pet measure to divert gasoline taxes to school relief.

Only the Governor and his professional whip-crackers are lusty in its support. Yet the leader of the Governor's own political party, President Roosevelt, has repeatedly advocated stimulation of the construction industry as the very basis of the New Deal. Certainly diversion of highway funds which the Governor advocates would defeat the particular objective of the President.

There have been so many back-fires started in this controversy and so much rubbish thrown on the flames that if we are mistaken in viewing the Governor's policy in direct opposition to the President's, perhaps smoke got in our eyes.

Certain it is that the gas tax is a juicy plum for those predatorily inclined. It is ready money, paid cheerfully by the motorist under the impression that it is really a service charge for his use of improved highways. The amount and availability of it make it an enviable prize.

Is it possible that state administration leaders are eyeing this ripe plum which they can grab for patronage under the guise of assisting the school teachers?

LAKE VILLA CHURCH SPONSORS MOTHER-DAUGHTER BANQUET

Mrs. Frances Barnstable Is Given Surprise Party on Anniversary

A Mother-daughter banquet will be held at the church on Friday evening, May 4, and it is hoped that all mothers and daughters of the community may be able to avail themselves of this opportunity to spend a pleasant time. The program committee, Mrs. Hewitt, Mrs. Perry and Mrs. Frye are preparing a splendid program and Mrs. Pedersen, Mrs. Fred Hamlin and Mrs. H. Nelson are the banquet committee. Mrs. Hooper is in charge of ticket sale, so be ready when one of her helpers calls on you.

Mrs. Frances Barnstable was given a pleasant surprise party in honor of her tenth wedding anniversary at the home of her mother, Mrs. L. J. Tweed last Friday afternoon. The afternoon was pleasantly spent in playing bunco and Mrs. Barnstable was the recipient of a number of gifts in honor of the occasion.

Mrs. J. Pedersen and Mrs. Fred Hamlin were in Waukegan on business Monday.

Mrs. H. J. Nelson is spending the week with relatives in Chicago.

Mrs. Will Pester of Chicago visited friends and relatives here last week. Miss Agnes Nauta of Waukegan spent the week with her sister, Mrs. Lester Hamlin.

Mr. and Mrs. Paul Avery visited Mr. Avery's uncle, Dexteraux Smith in Oak Park last Friday. Mr. Smith was very ill and passed away the following day. Mr. and Mrs. Avery attended the funeral on Monday.

The regular meeting of the Fox Lake Cemetery Association will be held Thursday evening, May 3, at the Monaville school house.

Edward Kelly, 9 year old son of Mr. and Mrs. Edward Kelly, is very ill in the Victory Memorial hospital, following an emergency operation for appendicitis late last week. His parents were with him a good part of

the time the first few days, but he is now on the gain.

Rosa Ullrich, 7 years old, who lives with Mr. and Mrs. John Walker, is in the Lake county hospital recovering from scarlet fever. This is the third case recently and we hope the last.

Mrs. J. A. Pederson entertained her brother's wife, Mrs. Frank Mathis and family of Chicago over Saturday and Sunday. Mr. Mathis has been with his sister helping her for the past two or three weeks.

Mr. and Mrs. James Connell have returned from a pleasant trip to Mexico and California and are with Mrs. Connell's father, William Weber, Senior.

Mrs. Lena Bemmis gave a kitchen shower at her home Saturday afternoon in honor of Miss Elsie Panowski who is soon to be the bride of Lewis Horton of Waukegan.

Mr. and Mrs. Joseph Westlake and two daughters, Martha and Fannie, returned home from Florida where they have spent the winter.

Mr. and Mrs. O. E. Hachmeister and family moved into the Darby house on South Main street. Mr. and Mrs. John Darby expect to move to Colorado about June 1.

Mr. and Mrs. Henry Reichmann celebrated their 17th wedding anniversary last Thursday evening.

Mr. and Mrs. C. J. Kerns returned to their home on the lake from Winter Haven, Florida.

public schools there. On April 3, 1907, she was united in marriage to Herman Flegel and they have always made their home in Wilmot and the vicinity. Since 1918 they resided on their farm in Randall township.

The deceased is survived by her husband and two sons, William and Adolph, her father, at Wilmot; five sisters and one brother, Mrs. Mary Jackman, Kenosha; Mrs. Anna Krahn, Bristol; Mrs. Elizabeth Grulich, Salem; Mrs. Edith Pella, Burlington; and Miss Fred Pagel and Charles Pagel of Wilmot.

She was a staunch community worker, a member of the Peace Lutheran church and was well known and beloved by many. The funeral services were held at the home Saturday afternoon at 1:30 o'clock, and at the Peace Lutheran church at 2 o'clock, with the Rev. S. Jedele officiating. Interment was in the Wilmot Cemetery.

There will be English services at the Lutheran church at 9:30 on Sunday morning.

When you pay the price of a Knee-Action car, you naturally want genuine Knee-Action and all that goes with it. You want the new gliding ride at its best. You want the huskiest, sturdiest front-end you can buy. And, of course, you want shock-proof steering. You pay for them all—but you get them all, in the low-price field, only from Chevrolet. The reason is simple. Fully-enclosed Knee-Action wheels are costly to build—so costly that only Chev-

"FIRE QUEEN" TO BE SELECTED AT LAKE COUNTY CONVENTION

Purchase 500 Feet of Hose;
Adopt Honorary New
Member

A new feature will enliven the 1934 county convention of firemen to be held in Libertyville May 28—the selection of a "fire queen" from among the contestants entered by merchants of Libertyville and Mundelein district.

The county convention is one of the parts of a program for that week which has been designated as "Fire Prevention Week" by the governor.

Test runs, such as were made to Antioch last year, is also to be a feature of this year's convention. Following this spectacular feature of the program a parade will be held.

Refreshments are to be served in the evening.

The Libertyville Lions club is co-operating with the fire department there as well as with the merchants to make the convention as big a success as it was a year ago in Antioch when Antioch was the convention city. The Lions club will present a trophy to the department winning in the test run.

Speakers and a number of distinguished men are expected to attend and take a part in the educational program.

Bean Combinations

SOME people just can't leave beans alone. That's natural, because they are very good alone, but they are also delicious in combination with other vegetables. Here, for instance, is a way to combine:

Kidney Beans with Fresh Tomatoes: Put alternate layers of the contents of a 10½-ounce can of kidney beans and of sliced tomatoes (you will need four ripe ones) in a buttered baking dish, seasoning each layer of tomatoes with salt and pepper. Cover top with buttered crumbs, and lay three long slices of bacon, cut in halves, on top. Bake in a medium oven until the tomatoes are done, the crumbs brown and the bacon crisp. Serves six.

Lima Bean Liaisons

Lima Beans and Cabbage en Casserole: Boil two cups shredded cabbage for about twelve minutes, or until tender, in salted water, and then drain. Also drain the contents of an 8-ounce can of lima beans. Put alternate layers of the vegetables in a buttered baking dish, and pour over one cup of highly seasoned white sauce. Cover with buttered crumbs, and bake in a moderate oven for from fifteen to twenty minutes. Serves six.

Lima Beans and Celery with Mock Hollandaise Sauce: Heat the contents of a No. 2 can of lima beans in their own liquor, and then drain. Boil one-fourth cup of diced celery until tender, and drain. Combine the two vegetables, and keep them hot. Melt two tablespoons butter, and add two tablespoons lemon juice. Beat one egg yolk, add the hot bean liquor, and then add the butter and lemon juice, and cook gently until the sauce is creamy, being careful not to boil. Pour over the hot vegetables, and serve at once. Serves eight.

GRADE
SCHOOL
NOTES**"In School Days"**HIGH
SCHOOL
NOTES**C. S. TO PRESENT
MAY MUSIC CONCERT****Selected Groups Will Give
Special Numbers; All
Grades Participate**

A May Music Concert, sponsored by the musical groups of the Antioch Grade school, will be presented at the Antioch high school Friday evening, May 11, under the direction of Hans von Holwede.

Although the concert will be given largely by members of the three upper grades, representative groups from each of the five lower groups will perform.

The Girls' Glee Club, composed of members of the three upper grades, will sing several songs in three-part harmony. The jazz band, also including the older students, will feature numbers with as complete an instrumentation as is found in modern dance orchestras. The band numbers will be interspersed by several vocal and instrumental solos.

A few of the sixth grade boys, in Western garb, will feature cowboy songs, accompanied by a group of guitar players. The four Hawkins boys, George, Charles, Frederick and Bobby, sons of Art and Fred Hawkins, have formed an instrumental quartet, and are preparing to entertain with "Home, Sweet Home."

Will Perform Vocally

The performance of the younger children will be mostly of a vocal nature, as follows: First Grade—Swing Song; Children Playing, an action song; I Love Little Pussy, by Barbara Bicknell; What Do the Animals Do; and The Old Spinning Wheel, by Jimmie Dunn.

Second Grade: Frolic, by chorus; The Robin's Song, by girls and chorus; My Pony, by Monte Miller and Bobby Wallace; Prairie Lullaby, by Billy Petty, Sammy Klass and chorus; Lazy Bones, Bobby Wallace.

Third Grade: Lullaby Land, a song written by Walt Disney; This Little Piggy Went to Market, a Coslow and Lewis whistling number by D. Cunningham; Pretty Red Rose, solo by George Pierce; In Winter, solo by Dale Barnstable; Rainbow Fairies, song.

Fourth Grade: The Blackbird, by group; German Medley, Marjorie Bright; The Raindrop Soldiers, group; Home on the Range, Billy Anderson; Juanita, Frank Petty; Solomon Levi, group.

Fifth Grade: A Morn in Spring, song by girls; Just a Little Street Where Old Friends Meet, piano solo by Doris Klass; The Old Spinning Wheel, a piano accordion solo, by Roberta Selter; Night Time, piano solo by Billy Morgan; Jimmy Had a Nickel, vocal solo by Adolf Pesat; Blue Danube Waltz, piano solo by Quentin Guenther; Robin Hood, song by boys.

Admission will be 15 cents for adults including high school students, and 5 cents for grade school children.

**G. S. LISTS
HONOR STUDENTS**

Honor students at the Grade School during the first six weeks of school ending last week are as follows:

Fourth Grade
Frank Petty, Lucille Sherman, Richard Cahill, Marjorie Bright, Dortha Drury, William Anderson.

Fifth Grade
Roberta Selter, Irene Pachay, Florence Peterson, Quentin Guenther, Doris Klass.

Sixth Grade
Lucille Waters, Betty Hauke, Helen Lubkeman, Mildred Van Patten, Helen Horton, Lila Dalgaard, Billy Techert.

Seventh Grade
Henry Quedenfeld, Katherine Smith, Jean Sherman, Roger Brogan, Jimmy Mapletorpe, Carolyn Phillips.

Eighth Grade
George Hawkins, Florence Hackett, Bernice Sherman, Vileta Baethke, Mary Lou Sibley, Charles Hawkins.

The fourth grade have completed a blue and white Dutch windmill made of wood and cardboard. It stands about three feet high.

The first evidence of life in the garden planted by the third grade was seen this week when onions raised their tips above the ground.

**Schools To Begin
Conference Season
In Baseball Friday**

The first conference baseball game of the season for the high school will be played here tomorrow afternoon with Wauconda. The first game scheduled was with Warren Tuesday, but was called off on account of cold weather. Another game is scheduled with Elia at Lake Zurich May 1.

There will be no school track team this spring, according to Coach Thomas Cox, although the agricultural department is holding a track tournament here soon.

C. S. to Play Lake Villa
The first conference game for the grade school baseball team will be played Friday at Lake Villa. The team shows promise of making a better showing in baseball than in the winter sports, having been successful in practice games.

The next conference game is scheduled for next Tuesday, May 1, with Fox Lake at Fox Lake.

**DOOR CHILD
AND THE SCHOOL**

By Dr. Allen C. Gurnea
Author, "The Door Child and the School"

New Jersey State Department of Education

Spring Fever

Say "Spring Fever" to most

adults and they think of sulphur

and molasses. Although such so

called tonics and blood purifiers

are gradually, and

deservedly, passing

out of general use,

the fact remains

that there is a condition

which we come to

know as "spring

fever."

In reality, spring

has nothing to do with it. Winter

is the season at fault. We are

shut in more and subjected to

colds, sore throats, and the like

during the winter. We take less

exercise and receive less sunshine.

We lack quantities of green vegeta-

bles and fruits in our diets. By

the time spring rolls around, the

reserves of strength and energy

are approaching low tide.

We speak of being "run-down"

or "tired-out." And that is what

it is—a mental and physical "let

down," for children as well as

adults. But the answer is not

medicine. Send the child out of

doors; let him get sunshine; bring

on the fresh vegetables and fruits.

If there isn't a pick-up, by all

means consult your physician, for

the "let down" may have brought

on something more serious.

"Desserts," an important matter

where children are concerned, will

be discussed by Dr. Ireland next

week.

as it arrives, probably some time next week.

This project is being sponsored by the P. T. A. with the full co-operation of all four of the local doctors. Immunization programs against diphtheria have been carried out in ever-increasing intensity over a period of a dozen or more years.

According to Dr. Edward S. Godfred, Jr., State Department of Health, Albany, New York, the child should be Schick tested after six months to one year following the giving of toxoid or anti-toxin.

The giving of toxoid (two doses) he says to children under seven years of age is the simplest and surest procedure yet practiced for the prevention of diphtheria. It is rare that there is even a slight disturbance to the child and a very high percentage of immunity results.

**EACH CAN MAKE
OWN NEW DEAL,
SAYS W. A. LAW**

No matter how successful the Roosevelt "new deal" may be in improving the general welfare, it can never relieve individuals of their responsibilities to themselves, in the view of William A. Law, president of the Penn Mutual Life Insurance Company and a former president of the American Bankers' Association.

William A. Law

Speaking in behalf of financial independence week, Mr. Law said "It is up to us to provide our own individual new deals" and suggested that this can be done through the institution of life insurance.

"Whatever may be the shortcomings of the New Deal, its objectives are really what 99 out of every 100 of us would like to see brought about," Mr. Law said.

"Some of us would prefer one route to the goal and some of us another, but there isn't any doubt that most of us have the same goal in mind."

"The New Deal, as I understand it, is designed to bring better living conditions to the great mass of the people, gainful employment to all, opportunities for education, healthful living conditions and the time and means for all of us to enjoy the finer things of life."

"Men will differ radically as to the best methods of accomplishing this end. But, whatever course the nation as a whole pursues, there is a way by which we as individuals can attain these ends for ourselves. We can make our own economic plans that will bring us and our families security, opportunities for self-improvement, leisure, and, above all, that freedom and happiness which come from financial independence. We can each of us make our own new deal. The way to do this is to provide our own economic plans through the institution of life insurance."

"I say that we can do this because millions have already done it—millions are doing it now. For the last ten months there has been a steady increase in investments in life insurance compared with the corresponding months of a year ago."

Defrost Refrigerator Regularly, as Needed

If one is interested in economical maintenance of the electric refrigerator, it is well to keep in mind that when the ice is deposited around the coils it acts as an insulator. As a thick paper or blanket around a piece of ice makes it last longer, this blanket of frost makes the refrigerator motor work harder to keep the cabinet cool.

It will pay you in cents if not in dollars, if you defrost your refrigerator regularly.

Another point is that all foods that are moist or liquid should be kept covered. There are numerous covered containers on the market that can be used for this purpose. Ice box dishes composed of two and three compartments can be used.

Did You Ever Try These Recipes? Do, Please

Pecan Cherry Angel Cake
1 1/2 cups egg whites
1/4 teaspoon salt
1 1/2 teaspoons cream of tartar
2 cups sifted granulated sugar
1 1/2 cups flour
1 1/2 teaspoons vanilla
3/4 cup chopped pecans
3/4 cup maraschino cherries

Add salt to the egg whites and whip until foamy on a flat platter. Add cream of tartar and continue beating until eggs are stiff. Fold in sifted sugar with knife or spatula, one tablespoonful at a time, then flour sifted four times. Add flavoring, floured nuts and cherries. Add 1 1/2 tablespoons water. Bake in ungreased angelfood tin 60 to 80 minutes, increasing the heat during the last fifteen minutes. Start cake in a slow oven.

Barbecue Relish
13 large mango peppers (three colors if possible)
1 head of cabbage
2 tablespoons each of celery seed, mustard seed and salt.
1 cup sugar
1 quart vinegar
Chop peppers and cabbage and mix them with other ingredients. Put in sterilized jars and seal.

Pinwheel Cookies
1/2 cup butter
2/3 cup sugar
1 egg
3 tablespoons evaporated milk
1 teaspoon vanilla
2 1/2 cups flour
2 teaspoons baking powder
1/4 teaspoon salt
Add 2 one-ounce squares unsweetened chocolate, melted to the above recipe after adding egg.
Cream butter, add sugar and cream until light and fluffy. Add egg, evaporated milk and vanilla and beat well. Sift flour, then measure. Resift with baking powder and salt into first mixture. Press a layer of plain cookie dough into an oiled pan, then a layer of chocolate on top. Chill, then roll like jelly roll. Chill again if necessary and slice thin. Bake in hot oven (400 degrees F.) for 10 minutes. To make ribbon cookies, pack alternate layers of the chocolate and plain dough together in a layer cake or bread pan. Chill, turn onto a lightly floured board, slice thin and bake. Other fancy cookies can be made by forcing the cookie dough through a pastry tube.

Orange and Maraschino Mold
1 package lemon flavored gelatin
2 cups boiling water
6 maraschino cherries, out in eighths
2 oranges, section free from membrane
Dissolve the gelatin in the boiling water. Arrange cherries in the bottom of the mold. Pour over this the gelatin, being careful not to disturb the cherries. Add the orange sections and chill until firm. Unmold to serve.

Buttermilk Devil's Food Cake
1/2 cup butter
1 1/2 cups sugar
2/3 cup cocoa
1/2 cup boiling water
3/4 cups pastry flour
3 eggs
1 1/2 cups buttermilk
1 1/2 teaspoons soda
1/2 teaspoon vanilla
1/4 teaspoon salt
Cream the butter and sugar well, add unbeaten eggs and beat until light and creamy. Mix boiling water with cocoa to make thin paste, add to the above mixture. Sift soda and salt with the flour twice. Add alternately with buttermilk to the above mixture. Add vanilla. Bake in moderate (350 degrees) oven in layers or large loaf until sides leave pan.

History Of The Veteran Made Poppy, And How It Was Started

"A poem inspired it and a little lady from Georgia started it," describes the origin of the custom of wearing poppies in honor of the World War dead. While serving one of the staff of the W. M. C. A. overseas headquarters at Columbia University in November, 1918, Miss Molna Michael, of Athens, Georgia, received a copy of a magazine containing Col. John McCrae's poem, "We Shall Not Sleep." Touched by the poem's reference to poppies growing between the rows of crosses in the war cemeteries, Miss Michael decided to wear a poppy in honor of the war dead. She purchased a number of poppies and distributed them among the workers at the headquarters, starting a custom that has spread throughout the world.

The poppy was adopted as the memorial flower of the American Legion at the Legion's national convention in Cleveland, Ohio, in 1920. When the American Legion Auxiliary was organized the following year, the little red blossom became the Auxiliary's memorial flower. The Poppy is also the memorial flower of the British Legion and is worn in all parts of the British Empire in tribute to the dead.

QUESTION: What is the Poppy for?

ANSWER: For the service and relief funds of the State Department of the American Legion and of the Local Post or Unit of the American Legion in this city.

Q: Why is the Poppy used?

A: Because it is the memorial flower of the World War made glorious in the minds of all because of Colonel McCrae's "In Flanders Fields," referring particularly to the blood-red poppy of Flanders Fields.

Q: Who makes the Legion poppies?

A: All poppies sold by the American Legion and the Legion Auxiliary are made by the disabled veterans in the hospitals.

There will be more questions regarding the sale of poppies answered in next week's paper.

New Kind of Bottle Comes to Antioch

The "Cream-Top" milk bottle, a patented container used by the Riverside Dairy of McHenry, has made its appearance in Antioch and the lake region. A spoon is sealed in with the bottle cap and extends down to the cream line, above which, the distributors claim, cream of whipping quality will be found. Operators of the Riverside Dairy have been in the milk business for thirty years and have been located in McHenry for the past twelve years.

COSTS LESS NOW TO GROW CHICKS

The saving that is possible in feeding chicks during the first six weeks of their life is most clearly shown by recent tabulations. Where formerly ingredients were mixed together to form a certain per cent of protein, modern research proves that such mixing may prove costly to the owner.

From a series of records involving the weighing of thousands of chicks from one day out of the shell to six weeks of age, accurate computation is now available on what to expect in the way of returns from every dollar expended in feed. Research

COST OF FEED 10 lbs. of CHICKEN in 6 weeks

files of Purina Mills Experiment Farm yield the interesting chart here reproduced. Three groups of chicks tested on three separate mashlets, all having the same values according to old methods of analysis, but differing in the manner in which the ingredients were proportioned, show a wide range of costs. Group X, with the best scientific proportioning, is within a few cents of being worth double the old style ration represented by Group Z. Group Y was mixed according to some of the better practices of feeders. Group X was mixed according to the exclusive data developed by the Research Division of Purina Mills, the result of years of analytical, biological and practical farm tests.

The difference between paying a feed cost of forty cents for ten pounds of chick growth and paying seventy-one cents is obviously so great that no poultry raiser can afford not to take warning. He should examine carefully his methods and his cost sheets. The feed consumed as against the weight developed by the chicks in a given period of time will soon tell him where his profits have gone.

Mr. and Mrs. Leonard Volpe, Chicago, were Sunday guests of Mr. and Mrs. Robert Mann.

"He careth for you"

IT IS related of "Christian," in "The Pilgrim's Progress," that he began his journey to the Celestial City bearing on his back a great burden, but that it rolled away from him when he had gone far enough to behold the saving love of Christ. As we hold this earthly experience, it seems sometimes as if we, too, were weighted with a heavy burden which we feel it is our duty to carry, although it greatly impedes our progress. What a relief it would be to get rid of this incubus, to learn that we may pursue our way unencumbered, and find all our needs abundantly supplied so long as we do not wander from the right path!

"Cast thy burden upon the Lord, and he shall sustain thee," said the Psalmist. Many instances of this sustaining love, experienced in ancient times, are recorded in the Bible, and many more might be recorded in our own day; for those who obey the Scriptural command, "Humble yourselves therefore under the mighty hand of God, casting all your care upon him; for he careth for you," are learning that God does care for His creation.

Christian Science is teaching many a one to undo the heavy burdens of care and anxiety by gaining a clear understanding of what God really is. On page 465 of "Science and Health" with Key to the Scriptures, Mary Baker Eddy writes, "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love." As we become conscious of the all-embracing, all-sustaining divine Mind, which is always present everywhere, the nature of which is wholly loving, just, and true, we lose the fear of being crushed by oncoming evils. So we become braver, for on every side we see evidences of the presence of good. Perhaps we had long ago been taught that God is Love, and now we can prove it. Even human parents would not willingly burden their children. Can the human be more loving than the divine? Is not God the source of all real love? Man cannot be more just, more loving, than his Maker. Cast your burden, all your care, upon Him, divine Love, "for he careth for you."

What is our special burden? Is it one of anxiety for our business, fear for our future and for that of our staff, our employees? Let us cast all our care upon divine Mind, for divine Intelligence supplies us from day to day with the justice, honesty, readiness, wisdom, courage, and sourcefulness which we need. Truth

corrects our mistakes, encourages our efforts for reform, and supports us, for He ever sustains all His children.

Are we carrying a load of loneliness? Even if we are in a solitary place, divine Love is there to make the solitude glad with the revealing of that truth which the physical senses cannot perceive, to enrich our thought and lift it above self, so that we can emerge from our present condition with open arms and giving hands, happier and more useful than we have ever been.

Is poverty trying to crush out our freedom and our joy? Are we looking to material sources for supply? If so, we are finding but little. Let us look up; seek first the kingdom of heaven, and we shall find it, because it is just at hand. When we shall find it is just at hand, then we shall find also enough of whatever is required to supply our daily need. But if both hands are holding on to burdens, how can blessings be grasped? We cannot grasp the blessing without dropping the burden. Which shall it be? Just for today, let us reach out for the love, the joy, the peace which God is holding out to all, and our outstretched hands will let go their load. Let us keep reaching out for blessings, and we shall not be tempted to pick up again the burden we have dropped.

Are we weighted down by weariness, sickness, or pain? "Come unto me, all ye that labour and are heavy laden," says the healing Christ, "and I will give you rest." For my yoke is easy, and my burden is light. Nor time, nor place, nor creed, nor race, is any barrier to the ever-present Christ. Let us accept the health and strength which we inherit as children of God, and face each day with confidence, "for he careth for you."

We need not let grief rob us of the smiles which we owe to our fellow men. God gives joy instead of mourning. He teaches us that Love alone is Life, the ever-present Life of all His vast creation. Rejoice always, because "he careth for you," and for them. In ancient times the Jews were allowed to carry no burden upon the Sabbath day. Let us resolve to keep every day holy, and to carry only what comes to us from the hand of divine Love. Then we shall be free and unburdened. We shall be free from the false sense of self, and so be better able to undo the heavy burdens of our neighbors, helping them to cast all their care on Love divine, gently reminding them that "he careth for you."—The Christian Science Monitor.

Many Breeds of Dogs—How to Feed Setters

Nearly every human being is interested in dogs. No other animal is so friendly, so understanding, so pleasant to have about as a good dog. Many varieties of dogs have been developed. New breeds are announced nearly every few years. Older breeds are improved.

In the large dog shows often as many as a hundred different breeds are represented, varying in size from the giant Saint Bernard, weighing around 250 pounds, to the tiny Chihuahua. There are long-legged dogs, short-legged dogs, heavily furred,

black, white, tan, orange, or lemon. Irish Setters are a little more high-strung in disposition. When well-trained, they are unexcelled as hunting and field dogs. Their color is a rich golden chestnut, no trace of black. The Gordon Setter in the bottom illustration was originally more delicate in structure than either the English or Irish Setter. He has now been bred to a sturdiness necessary for a hunting dog. The males will reach a weight of 22 to 25 inches; females slightly less. His color is coal black with tan

straight-haired, and some with hardly any hair at all. How to tell different dogs apart and to note the characteristics that differentiate one from the other is an interesting study. Through the courtesy of Purina Mills' Educational Division, we are able to present a series of most interesting photographs of breeds of dogs. In the accompanying illustrations are shown three types of Setters, among the most popular of our hunting dogs. The top illustration shows an English Setter, the center one, an Irish Setter, and the bottom a Gordon Setter.

The English Setter is the largest and strongest of the setters. His entire make-up shows power to gallop with ease through a hard day's work. Color may be any combination of markings of rich chestnut and mahogany red.

All setters should be kept hard and in good condition. It is bad practice to allow them to become fat and lazy. The most effective method for keeping valuable hunting dogs in condition is to eliminate all chances for germ infection by controlling their feed sources. A standard dog food that comes in dry checker form, where every unit of nutrient is under perfect control both as to rich vitamin content and to freedom from contamination, is the method followed by the more successful dog owners. Dog food in checker form is less bother to feed, keeps indefinitely without spoiling, and does not need to be supplemented with other foods.
